

New Detachment Therapy Class!

*A two-day workshop to help you to
become a complete hypnotherapist!*

Developed by Donald Hood, CH, CDP

Have you ever encountered a situation with a client
that does not fit into the “normal” paradigm of standard hypnosis?

This workshop will give you the tools that you need to be the complete hypnotherapist!

In this two-day workshop Don will help **put you at ease** and explain the **amazing potential** of this fascinating work. The workshop will provide tools and techniques for the **complete hypnotherapist** including history of deposesession, case histories drawn from Don’s twenty years in the field. Methods of **protection for you and your client, detection and discernment** of the various **types of attachments, releasement techniques**, and follow-up will be addressed. Don will also discuss the difference and advantages of **one-on-one and remote techniques**.

Participants will **gain hands on experience** and have an **opportunity to work with others** in this **very important and profound work**. Each one will gain experience **and be able to help their own clients with this valuable technique**.

February 16, 17, 2019
